

Rerouting Influenza Prevention Through Groundbreaking Innovation

Train-the-Trainer Workshop

 **3rd** May 2025

 **Grand Ballroom A + B**

Conrad Hotel - Dubai

 **09:00 AM - 05:00 PM**

Collaborators:

Dear Participants,

On behalf of the Middle East, Eurasia, and Africa Influenza Stakeholders Network (ME'NA-ISN), in collaboration with AstraZeneca, it is my distinct honor to formally invite you to participate as a distinguished participant in our upcoming

Train-the-Trainer Workshop entitled "Rerouting Influenza Prevention Through Groundbreaking Innovation"

This full-day educational program will be held on **Saturday, 3rd May 2025, from 09:00 AM to 5:00 PM, at the Conrad Hotel, Dubai, United Arab Emirates.**

This regional workshop aims to build capacity among healthcare professionals by providing updated scientific and programmatic knowledge related to influenza vaccination, with a particular focus on the role of LAIV. It is designed to foster dialogue, strengthen local expertise, and support best practices in influenza prevention and education across the GCC region.

Objectives:

- Share the latest evidence and advancements in influenza and other respiratory virus prevention.
- Discuss innovations in surveillance, diagnostics, and vaccination strategies.
- Explore the benefits and implementation of LAIV as a key preventive tool.
- Identify barriers to vaccine uptake and explore solutions to enhance vaccine coverage.
- Promote practical, evidence-based approaches for effective influenza control.
- Encourage knowledge dissemination and capacity-building through train-the-trainer methods.

Logistical support

To facilitate your participation, ME'NA-ISN is pleased to provide the following support:

- Round-trip economy-class airfare (for participants traveling from outside the UAE).
- Local transportation between the airport, hotel and workshop venue.
- One night hotel accommodation (3rd May 2025) (for participants traveling from outside Dubai).
- Meals and per diem allowance during the meeting.

Please note that these arrangements are applicable to eligible participants as determined by ME'NA-ISN.

We kindly request your confirmation of attendance at **your earliest convenience**.

Upon confirmation, our team will coordinate all logistical arrangements and provide the final program and workshop materials.

Should you require any further information or assistance, please do not hesitate to contact:

Dr. Najim Alshahrani

Project Focal Point – ME'NA-ISN

Email: najim.shahrani@gmail.com
